presents

GIS Day 2004

Friday, November 12, 2004

GIS Day is a grassroots event that formalizes the practice of geographic information systems (GIS) users and vendors of opening their doors to schools, businesses, and the general public to showcase real-world applications of this important technology.

GIS (Geographic Information Systems) Day is held annually and sponsored by ESRI, the United States Geological Survey, the National Geographic Society, the Association of American Geographers, the University Consortium for Geographic Information Science, the Library of Congress, Hewlett Packard, and SUN Microsystems.

Please join us for presentations, demonstrations, interactive activities, lectures, and most importantly, FUN!

Date:
Friday, November 12, 2004

Time:
8:00 AM to 5:00 PM

Location:
Engineering Building
UAA Campus (North West Corner of
Providence Dr & UAA Dr)
